*from Our Chairman*

**AS THE NEW CHAIRMAN** of the Sigma Pi Educational Foundation, I am very excited about the future of both the Fraternity and the Foundation. This past year we saw our fraternity move into the historic Mitchell House in Lebanon, Tennessee. Sigma Pi now has, without a doubt, one of the top Executive Office buildings of any fraternity. Moving into this building has not only made us proud to be Sigma PIs, but it has invigorated us to help make our great fraternity even better. It stands as a symbol of what we can become. To that end, it is incumbent upon us as a fraternity to share and teach those strong Sigma Pi values to make strong leaders for both the Fraternity and tomorrow's communities.

This past biennium, your Foundation provided over \$130,000 in scholarships and grants to educate our undergraduates. Our undergraduates meet every year in St. Louis for the Mid-Year Leadership Conference. The 2015 meeting will be the first time that we will be bringing in five members from each chapter. It will be two days of intense training ranging from administration of the local chapter to risk management.

Our fraternity is very fortunate to have a Grand Council and Executive Director that are so in tune to the needs of our fraternity. There has been much negative news nationally regarding fraternities recently. This is further proof of the need to educate our members on how to act responsibly and lead by example. We are very fortunate to have the many alumni volunteers to help us oversee and advise our undergraduates.

The Sigma Pi Educational Foundation needs to do its part in providing the funding to educate and instill strong values among our undergraduate members to become the strong leaders we need in the future. Over 10,000 alumni have given to the Educational Foundation to help make a difference. I thank those of you that have given. If you have not, please consider making a tax-deductible gift that will go a long way to securing our fraternity's future.

Fraternally,

*Lester C. "Jay" Joern, Jr.*

# The Value of Your Gift

Each year, the Sigma Pi Educational Foundation provides approximately \$100,000 to support the educational endeavors of the Sigma Pi Fraternity and its members. Such support is only made possible by the generosity of alumni and friends like you. Below is information about just some of the programs you made possible in 2014:

## Scholarships

According to the College Board, the average annual cost of attendance was \$18,943 at a four-year public institution and a staggering \$42,419 at a private school in 2014. Financial support of our members' education pursuits is more important than ever. Accordingly, traditional scholarships remain a core of the Educational Foundation's work. In 2014, it held over \$1.8 million in temporary and permanent scholarship funds and was pleased to award 64 scholarships to students from 18 schools totaling approximately \$54,000. Educational Foundation scholarships range from those given to new initiates for outstanding achievement during their associate ("pledge") membership period, to veterans returning to school after serving their country, and to young alumni working on advanced graduate and professional degrees.

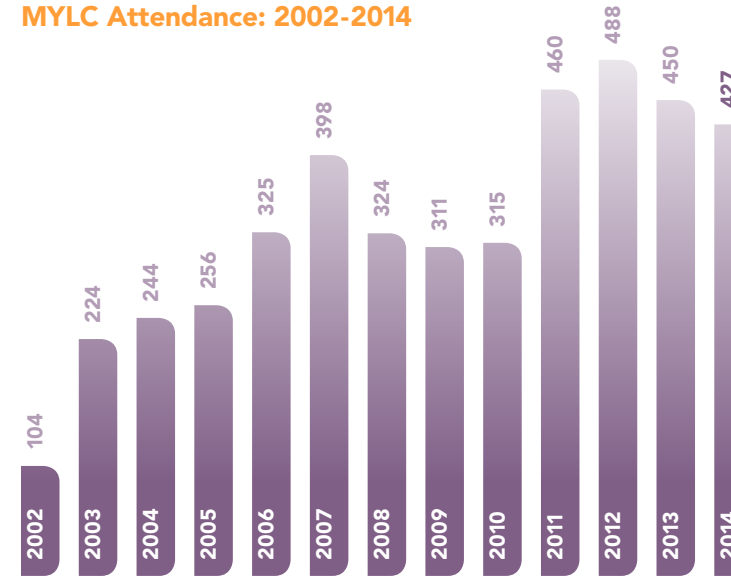

## Mid-Year Leadership Conference

Every February, Sigma Pi chapter leaders assemble in Saint Louis, Missouri (strategically centered to facilitate travel from across the U.S. and Canada) for the Fraternity's Mid-Year Leadership Conference ("MYLC"). The weekend-long program provides intensive training to each chapter's newly elected officers. Attendees are instructed in areas such as planning, goal setting, organizational management, and leadership development. With a generous gift from PGS Donald Cox (Temple '55), the Foundation was again proud to provide significant grant funding for MYLC in 2014. With the Foundation's support, over 400 men were able to attend MYLC this past year. In all, over 4,300 Sigma Pi men have attended MYLC since its inception in 2002.

MYLC Attendance: 2002-2014

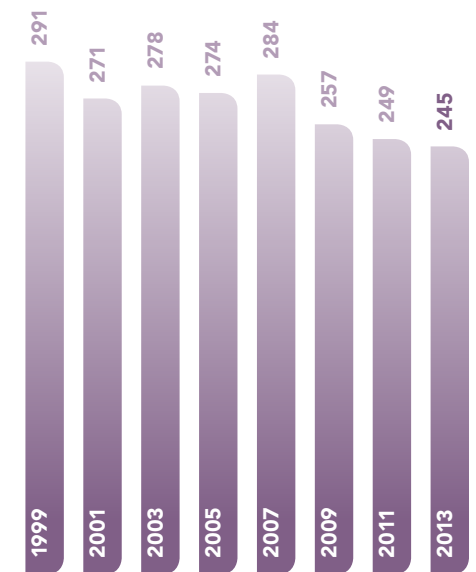

## Sigma Pi University

Held every two years during the summer in Nashville, Tennessee (home of Sigma Pi's International Headquarters), Sigma Pi University ("SPU") is a program focused on personal development. It is open to all Sigma Pi men interested in becoming better leaders and citizens. At SPU, the focus is on values-based leadership. The strong values of Sigma Pi make this program particularly impactful. The results are not just leaders, but strong leaders with a heightened sense of values-awareness that can make a real difference in their communities. Made possible by a generous endowment from Brother Anthony "Tony" Siress (Santa Clara '87), the founder of several successful technology, consulting, and venture capital enterprises including Tidalwave Technologies (now a part of Symantec Corporation) and Siress AG Consulting, SPU has been supported by the Foundation since 1999. This year over 200 men attended SPU. Since the program began in 1999, SPU has trained over 2,100 men to be not only leaders of their chapters and on campus, but leaders in life.

Sigma Pi University Attendance: 1999-2013

## Lifetime Giving

Lifetime Giving societies recognize our leading supporters whose cumulative lifetime giving totals \$5,000 or more. Their leadership deserves special recognition as it forms the backbone of the Educational Foundation's support of Sigma Pi and its values-based experience.

## My Sigma Pi Experience

**"My mom and dad were both teachers,** and they instilled in me the value of education. As a collegiate member of Sigma Pi, I served as Chapter Secretary and then Chapter President. From this I learned valuable skills such as how to plan and focus on goals that definitely had something to do with where I am now. Those little skills really make a difference later on in life."

# Scholarship Recipient

**"Receiving this scholarship means a lot,** especially knowing that my Fraternity believes I am an upstanding member who lives our creed to the greatest extent of my abilities on a daily basis. My brotherhood not only supports my personal endeavors with compassion, but also provides me financial support for my academics as well. I never expected to receive financial aid from a social Fraternity, but greatly appreciate the assistance as it opens some doors for me financially. I hope to someday return the favor for future Sigma Pi gentlemen."

# Grant Recipients

**"My fellow brothers of Zeta-Eta chapter** and myself are extremely grateful for the grants we received from the Sigma Pi Educational Foundation this year. Thanks to the generosity of our chapter's alumnus Tony Siress and the Educational Foundation, my brothers and I were able to attend the Sigma Pi Mid-Year Leadership Conference in Saint Louis. Without the help and support of the Educational Foundation, we would not have been able to attend this conference and gain the important experience that has helped us lead our chapter over the past year."

**Andrew Godfrey, Jr.**

Zeta-Eta, Santa Clara '16

Recipient of the Tony Siress for Zeta-Eta Chapter Grant

**"I was quite proud** to represent the Zeta-Eta Chapter at Sigma Pi University. The conference really helps put your chapter in perspective with relation to other chapters. Most of the classes were insightful, but I received the greatest pleasure from meeting and helping my brothers from across the nation. The Zeta-Eta Chapter rarely has issues with recruitment, and I was glad to share our strategies with some of the smaller and newer chapters. It was also quite remarkable how similar some of our interests were. Thank you, Sigma Pi Educational Foundation, for making the experience possible."

## Chapter Educational Funds

The Chapter Educational Fund ("CEF") Program allows alumni to make tax-deductible gifts to the Educational Foundation that are earmarked for their particular chapter. The CEF provides the most flexibility for utilizing funds donated to support a specific chapter. Once established and properly funded, a CEF can be used for many purposes including awards of traditional scholarships, grants for chapter members to attend leadership education conferences, to bring in educational experts to conduct workshops or leadership training, or to fully or partially subsidize educational improvement projects to chapter houses such as libraries, study rooms, or computer and network upgrades. In 2014, the Foundation awarded over a dozen grants and scholarships from CEFs.

### Chapters Currently Utilizing the CEF Program:

- Arkansas (Alpha-Sigma)
- Arkansas State (Alpha-Pi)
- Auburn (Alpha-Delta)
- Buffalo (Epsilon-Omicron)
- Cal Poly (Eta-Delta)
- Cal State-Fullerton (Epsilon-Nu)
- Cal State-Long Beach (Beta-Omicron)
- Georgia (Alpha-Phi)
- Indiana (Beta)
- Missouri-Saint Louis (Delta-Zeta)
- Missouri Southern (Eta-Mu) (Sphinx AC)
- Monmouth (Delta-Beta)
- Morehead State (Delta-Rho)
- Murray State (Gamma-Upsilon)
- NJIT (Alpha-Mu)
- Old Dominion (Theta-Eta)
- Santa Clara (Zeta-Eta)
- SIU-Edwardsville (Delta-Omega)
- UC-Santa Barbara (Alpha-Omicron)
- UCLA (Upsilon)
- Valparaiso (Beta-Tau)
- West Virginia Tech (Gamma-Xi)

For more information about the CEF Program, please contact Lisa Pearson in the Educational Foundation Office at (615) 921-2300.

Last year the Alpha-Delta Chapter at Auburn University utilized the CEF program to help partially fund construction of a \$600,000 expansion to their chapter house.

## Delta Society Undergraduate Giving

It is never too early to give back to Sigma Pi. The Delta Society recognizes those undergraduate men making a gift of \$20 or more to the Educational Foundation during the school year. In 2014, 37 undergraduate members from 25 different chapters demonstrated their early commitment to supporting the Sigma Pi mission by making gifts through the Delta Society.

## Scholarship Recipient

"Receiving a scholarship from my chapter's educational fund during the spring of my senior year was very meaningful to me in several ways. The scholarship is a tremendous example of the support that our fraternity gives to all of its members, and the hope we feel for the future. Also, it helped me to graduate from college debt free and begin my professional career without the burden of repaying student loans. Finally, it represents a culmination of all the hard work I put in over the last four years both academically, and as an undergraduate member of my chapter, and re-energizes me to be an active alumni member."

## Breakdown of FY2014 Contributed Support

## My Sigma Pi Experience

**"In the classrooms of the University of Georgia,** I learned letters, science, and law—that made an *educated* man. In the halls of the Sigma Pi house, I learned empathy, service, and loyalty—that made a *better* man. Sigma Pi instills strong values. Those strong values make boys into men and men into leaders. I'm proud to be a product of the Sigma Pi experience and to help share the same with future generations of college men."

## Building the Legacy

**In March 2014**, Sigma Pi reached the historic milestone of initiating its 100,000th member. Just a few days later, Sigma Pi added another page to its history when it dedicated a beautiful new International Headquarters in the historic Mitchell House in Lebanon, Tennessee—a suburb of Nashville. Recently described by guests from the North American Interfraternity Conference as one of the finest fraternity headquarters in the country, the Mitchell House is Sigma Pi’s first permanent home since relocating from the Shadowwood Estate in Vincennes, Indiana ten years ago. And just like Shadowwood, the Mitchell House is fast becoming a homage to Sigma Pi’s legacy, monument to its strength, and source of pride for our members.

With the dedication, opportunities to sponsor (and in many cases name) rooms and other spaces in the new International Headquarters are currently available. Sponsorships are fully tax-deductible and perpetual. They can be made in memory or in honor of others if requested. Sponsor opportunities begin at \$2,500 and are available up to \$1,000,000. Take this opportunity to help build the Sigma Pi legacy.

**For more information about sponsorship opportunities, please contact Lisa Pearson at the Educational Foundation Office at (615) 921-2300 or by email at [SPEF@sigmapi.org](mailto:SPEF@sigmapi.org).**

## Ways to Give

### Online

Giving with your debit or credit card online at [sigmapi.org/donate](http://sigmapi.org/donate) is a quick and secure way to make a contribution to the Educational Foundation. We accept VISA, MasterCard, American Express and Discover.

### Mobile

If you have an iPhone or iPad, you can use the Sigma Pi app to make a donation! Just search the iOS app store for “Sigma Pi Fraternity” and download it.

### Mail

You can mail a check or credit card gift to the Sigma Pi Educational Foundation at the address below:

*Sigma Pi Educational Foundation  
106 North Castle Heights Ave  
Lebanon, TN 37087*

### Phone

To make a donation over the phone, or for more assistance, please give us a call at (615) 921-2300.

### Corporate Match

Numerous companies match an employee’s personal donation to the Educational Foundation. Ask your employer for details.

### Planned Giving/Bequests

Planned gifts include—but are not limited to—cash, bonds, stock, securities, personal property, retirement plan assets and insurance policies. Consult your estate-planning and/or tax-planning professional to make sure your gift meets your short- and long-term financial goals.

### Appreciated Stock/Securities

Multiple benefits are realized when using appreciated stock as a means for giving. Consult your financial advisor to ensure your stock gift maximizes your charitable tax benefits while still making a direct impact on Sigma Pi’s undergraduates through our award-winning leadership programs.
