

SIGMA PI

Dear

Sigma Pi Fraternity will be holding its annual Mid-Year Leadership Conference in St. Louis, Missouri on January 6th through January 8th. Sigma Pi Fraternity is one of the top men's collegiate organizations in North America where our men strive for excellence by living our core values that promote fellowship, develop character and leadership, advance heightened moral awareness, enable academic achievement, and inspire service.

The Mid-Year Leadership Conference is an annual conference designed for the newly elected President, Vice President, Treasurer and Recruitment Chairman of the chapter on campus. It is an intensive two-day training conference designed to give new officers the knowledge and details of their officer positions. In addition it is a great way for Sigma Pi undergraduate members to meet with other undergraduate and alumni Sigma Pi members, share ideas and network. Typical sessions will include but are not limited to: leadership accountability, fiscal management, personal development, and delegation of duties and how to market your chapter for success.

Although attendance at the conference requires _____ absence from your class, the student understands that it is their responsibility to make up any assignments or exams that they may miss and at your convenience.

Your assistance and cooperation is appreciated. Please contact me if you have any questions about the upcoming Mid-Year Leadership Conference

Sincerely,

Jason Walker
Executive Director Sigma
Pi Fraternity
