

Jason Walker
SPEF of Sigma Pi Fraternity, Intl.
Application for consideration of SPEF Position

Name: Jason Walker (Fraternity Nickname, Gilligan)

Chapter and University: Alpha Phi Chapter at the University of Georgia

Mobile and Alternative Phone: 770-337-2066 (24/7), 615-695-2659 (work)

SPEF Position Sought: Director at Large

Statement of Qualifications:

I have served Sigma Pi in various capacities since becoming a Founding Father of the Alpha Phi Chapter of Sigma Pi in 1992. I was the Third Counselor as an undergraduate as well as various committee chairs. Upon graduating, I took a few years to begin my family but returned to assist with Chapter Director duties of my chapter and later became the Chapter Director. I served as a volunteer for approximately 12 years where I began to get involved in International Fraternity volunteering as well. In 2012, I was given the opportunity to work for Sigma Pi as the Assistant Executive Director. I served in this capacity for four years and then served as Interim Executive Director for 9 months. I then had the honor of being named the 8th Executive Director of Sigma Pi in April of 2016.

As a paid employee of the Fraternity, I was able to work directly with many Universities and Chapters throughout the United States and Canada on various items. I take pride in being the primary person on staff responsible for Charterings and Ritual Education for most of the five years I was a staff member. I was also able to get a great understanding of the operations of our Executive Office as well as many other organizations throughout the country. I believe this understanding will benefit the roll of Director at Large for Sigma Pi to look at all sides of any situation that arises for the Grand Council to consider.

After leaving the employment of Sigma Pi, I was able to continue to work with Fraternity and Sorority life organizations with their housing. I worked for CSL Management, LLC which allowed me to travel and work as a property manager for many organizations across the country. CSL only works with Fraternities and Sororities Housing. I now work for Alpha Omicron Pi Fraternity (for women) to establish their Property Management department that oversees all the organizations chapter houses across the United States and Canada. I know that housing is a major concern for our organization, and I feel this added experience will benefit Sigma Pi.

Overall, I feel between my experiences as a Founding Father and undergraduate, alumni advisor, Sigma Pi Executive Office staff member, Fraternity and Sorority Property manager, and now Alpha Omicron Pi staff member over housing; has all lead to a great pool of knowledge to help lead Sigma Pi moving forward if our members choose to honor me with their vote.

JASON WALKER
